HOW DO WE DO IT?

WITH OUR OWN STYLE:

We work from our heart. We feel the challenges faced by our clients as our own. We believe in situational and shared leadership, where there is no place for bureaucratic structures and hierarchies. We promote a humane, inclusive, egalitarian and flexible work environment that promotes a balanced life.

WITH A TEACHING VOCATION:

We believe in transformation through knowledge with modern methods. The growth of our team, our clients and our students are a priority.

WITH SOCIAL RESPONSIBILITY:

We challenge ourselves to grow as people. We need to be better at serving others. We share our positive impact philosophy.

WITH INNOVATION:

We revolutionize the operation of law firms. Through the implementation of our legal-tech development (Scudo) we have become more efficient improving the legal service experience. Technology should be used to make better decisions.

WITH AN INNOVATIVE WORK MODEL:

We decided to break paradigms and create a horizontal service model. Our team is comprised of leaders and experts in different legal fields with a limited number of clients to guarantee closeness, trust, competitive fees and expertise in the resolution of each case. We believe it is possible to do things in a better and different way.

Our academy promotes learning environments through different platforms that help professionals from all fields to upgrade their knowledge. We also help companies, law students and entrepreneurs to improve their abilities and knowledge.

● BLOG NOTAS DESDE EL ESCRITORIO

Publications on current matters, specialized articles, and information from all of our Law Units. We discuss practical and relevant matters to help our readers make better decisions.

● SCOLA ACADEMIA

In-person training on legal and corporate matters at our headquarters in Scola Abogados Tower, specifically designed for the individual needs of our clients. We implement the methods required by today's leaders.

● SCUDO ACADEMIA

Virtual training platform with a variety of multimedia content like videos, courses via streaming, clips and articles on legal and strategic matters, with a practical approach that allows our users to improve their technical competences and be trained adequately anywhere and anytime.

VIDEO

SCOLA ACADEMIA

DEVELOPMENT OF PROGRAMS AND EVENTS WITH:

Scola Abogados has strived to modernize the legal market by introducing technology to its operations through the Scudo platform.

Aimed for companies and entrepreneurs, human resources teams, legal teams, accounting, contracts, and new businesses teams who want to implement modern methodologies.

This legal-tech platform is designed to help our users to manage and administer their strategic legal processes, with the additional advantage of receiving training and being able to operate the platform from any mobile device.
